TOP TIPS
FOR EDUCATORS

How to Build Community in Your Online Classroom

TRY THIS!

Assign students introductory videos that are posted to a shared space

Connect with Students

Nurture interaction among students by building opportunities for collaboration and networking.

Be Present and Engaged

Connect with your students by responding promptly, ensuring timely and consistent feedback, maintaining consistent communication expectations, and participating in discussions.

TRY THIS!

Provide personalized commentary on assignments using audio or video feedback.

TRY THIS!

Find ways to incorporate the *MyUNH* Portal into your class and assignments!

Be Creative with your Resources

Use technology to bridge the distance and bring your students together by making full use of discussion boards, video conferencing, and social media.

Celebrate and Embody the Institution

Bring your online students into the Wildcat community by sharing interesting UNH accomplishments.

TRY THIS!

Post student spotlights, incorporate school photos, and share UNH stories of interest
